

SELECTBOARD - May 11, 2017

Attendance: Greg Eckhardt, John Ogden, Tom Dibble, Andrea Ogden, Steve Hall, Chrystal Cleary, Jay Merrill, Cameron Chalmers

1. Call to order 8:04 AM
2. Last meeting's minutes were approved.
3. Paving of bridges and Ridge Rd apron- Steve contacted OBrien and Ventrone and is making sure they are apples- apples quotes. The guardrails for the bridges are still within state specifications. When the paving is being done this summer, the bridges may need to be closed for a few days, Steve will arrange for signage.
4. Tax Sale of 25 Landgrove Hollow Road will take place at Town Hall at 10am on June 8th.
- 5 Road Signs - John will list roads needing signs. Hal has tried several times via both phone and email to reach the 911 folks and determine who is responsible for signage for private roads, but has not gotten a response.
6. Jay is approved to work at least 16 hrs/wk, two days each week to be arranged with Steve. Jay is seeking some regularity and predictability in his hours/days worked for the Town. Grading, ditching, culverts, brush cutting are all needed.
8. the GMNF site on Nichols Road has been toured with Curt Merrill & determined that it would be appropriate for storage of vehicles but not sand.
9. Speed hump- Jay will install in the village across from the barns so as not to be in front of Beverly Stone's porch this year.
10. The Town will not be claiming the tax payment made to the state by Nationstar mortgage in 2012, because the Town is not owed any money.
11. Tom will provide an estimate for repainting the cupola on the town Hall.
12. The Septic system problem on #8 Landgrove Hollow Road- Health Officer Cam Chalmers spoke with Claire who said she is calling several companies to come look at her system. He will check back in with her in a couple of weeks to see if progress has been made. If not, the matter will be pushed over to the State.
- 13 The select board asked Jay to cut down two trees by Hesseltine Rd that are leaning over the road.

14 Greg will speak with the Forest Service about getting beaver baffles for the culvert pipe on Nichols Rd.

15 John O. proposed mowing Leurich field 2x a month, rather than just before 4th of July- will need to talk with Karl re: haying. Also the mowing of the path on the conservation land along Utley Brook has been done as a courtesy by Rob Haussein for a while but he will not be doing it this summer, would anyone be able to maintain that path this summer?

The Selectboard approved the Revised Zoning Map presented by the Planning Commission.

Meeting adjourned at 9:17am
