

SELECTBOARD - May 25, 2017- 6pm

Attendance: John Ogden, Greg Eckhardt, Tom Dibble, Andrea Ogden, Chrystal Cleary, Cameron Chalmers, Nathalie Emerson

Call to order 6:05 PM

- The SB approved last meeting's Minutes
- The Selectboard voted to authorize the Town Agent to bid for the Town at the Tax Sale of 25 Landgrove Hollow Road equal to the amount owed plus legal costs.
- Nathalie Emerson appeared to check on the Selectboard's approval of Road Signs for private roads. 911 Coordinator Hal Wilkins had checked with the state about whether Towns were required to provide signs for private roads, and the answer was that Towns have their own individual policies for signing private roads. The Selectboard voted to pay for, provide and install signs for the existing private roads on the 911 map.

The action item for signs is now to gather the names of signs needed for all roads (missing and replacing) so an order can be made.

- The Selectboard voted to approve the Fee Schedule proposed by the Planning and Zoning Board.
- Speed hump will be installed Friday afternoon.
- Tom Dibble will provide an estimate for repainting the cupola on the Town Hall, and also for painting the roof.
- The Forest Service found no evidence of beavers at the Nichols Road culvert, so no baffle at this time.
- Cameron has provided a quote for mowing Leurich Field 2x a month. Greg will call Mark Waldo, who mows the cemeteries, for a second quote.
- As Health Officer, Cameron has spoken with Clarie Munat at White Pine Lodge again, but no progress is reported. Cam will next send a written email asking for her to show some progress - an appointment for a company to inspect the system at least- by June 1st.

Meeting adjourned at 7:04 PM
