

## **Minutes- Selectboard Meeting - February 12 2015**

Attendance: Greg Eckhardt, Jeremiah Evarts, Andrea Ogden, Chrystal Cleary, Seth Bigelow  
Public: Cameron Chalmers

Meeting called to order 8:09 AM

- Evarts Forest- Seth described a small timber stand in the Evarts Forest to Cam, who is an adjacent property owner. The stand is 3 acres and is estimated to contain 15-30 cord of firewood, harvestable by a targeted thinning to increase growth and value of the hardwood stand. Cam has no objection to a contractor accessing the stand through his land, but his own interest in the firewood/job is not strong. Seth will email a pdf of the Resource Assessment to Cam, who will think a bit more about whether he wants to harvest the firewood himself. The board notes that this project is very small and will not be of interest to a major logger but a small firewood operator might find it worthwhile, so Greg will also sound out Steve Twitchell to see if he is interested, if Cam is not.
- Unsafe Trees- Seth was asked to check out two trees in town right of ways- at Ushers' and one at Adams'
- Town Report is complete and going out next week.
- Appointed Officers- Terms run from January 1 to Dec 31st each year, so we needed to address this earlier. Jerry will contact all the current officers and confirm that they are still interested in serving, Appointments will be voted next meeting.
- Jerry will ask Jay about mileage from his truck as he surveys roads.

Meeting adjourned at 9:10 AM

Next SelectBoard Meeting will be Thursday February 26th at 6 PM

respectfully submitted by Chrystal Cleary
