

Selectboard Minutes Nov 19 2020

Call to order 8:06 am

New protocols for COVID prohibit in person meetings, so this will be the last in person SB meeting until further notice. Future meetings will be set up on Zoom by Chrystal.

Blair McCaw was appointed to the Board of Listers by the SelectBoard. John will let him know, and Chrystal will let Chuck know.

Auditors have had trouble arranging a meeting with the consultant Michael found, but the Auditors have found another consultant CPA, Steve Love, in Bennington who has agreed to act in a consulting role. He has experience with small town accounting.

Susan Lenox was appointed to the correct CUD- the Southern Vermont Communications Union District.

Steve explained the results of the data from the radar sign. Full results can be examined in the the Town Office. The Selectboard agreed that the radar sign is an effective tool at slowing people down and that nearly twice as many cars came by the Landgrove Road location than the village, which means those vehicles are likely cutting through from Weston to Peru. The SB will research purchasing a permanent radar sign for Landgrove road, above the curve.

Michael reminds the SB that they had agreed to make the intersection of Landgrove Road, Old County West, Hapgood Pond Rd into a 4 way stop.

Pay orders were signed

John spoke with Lafayette about replacing guardrails at Will's Corner before winter and is awaiting the estimate.

Michael needs a little more info from Steve to work on the Roads portion of the Purchasing Policy in Progress.

The SB decided in executive session to grant the Town Clerk a bonus of \$3000 for extra time and service hours due to COVID 19 protocols. The Clerk is thankful!

Meeting adjourned at 9:22 AM
