

## **SelectBoard February 24 2022 8am**

John Ogden, (by phone) Steve Hall, Chrystal Cleary, Andrea Ogden

Call to order 8:33 am

The Select Board appointed Jeff Cleary to the Planning Commission and Steve Hall as Tree Warden, now required by the state.

Mary English had asked about inspections of the Town bridges- frequency and responsibility. Road Commissioner Steve Hall said this is done by VTrans, and will email Greg Krizan about the schedule for our two bridges.

The Town Hazard Mitigation Plan is due for revision and grants are available, but the Town needs to contract with someone to help with ours. John will call Cat Bryars/Allison Stroll at BCRC for bid guidance.

Last meeting we talked about how the Town Truck is costing a lot to repair and approaching the cost of payments on a new truck. Steve reports that Jay Merrill has been looking at trucks and may be zeroing in on some appropriate models for Landgrove. It takes a year or so to actually GET the truck, though, once ordered, so this won't be in service any time soon.

Pay orders signed.
